(a) All applications shall be made on forms approved by the Director of Human Resources, or, if permitted by the Director, by resume. The Director shall provide the Personnel Board with a copy of the City's current application form annually, and shall advise the Board of substantive changes to the form. Said applications or resumes shall be filed with the Director on or prior to the date and time specified in the announcement, or postmarked on or before the closing date. Applications and resumes submitted for examinations announced "Open Until Filled" will be reviewed as needed to complete the employment process. For those classes for which there is to be continuous recruitment, a statement shall be included in the announcement to the effect that applications will be received until further notice. Applications may require information concerning personal characteristics, education, experience, references, and other pertinent information. When the nature of the work is such that age limits are necessary, the Director after consultation with the appointing authority, may so state in the examination announcement. All applications shall be signed and the truth of the statements contained therein certified by such

signatures. Applications must meet the minimum qualifications specified in announcements as to education and experience, but in no case shall admittance to the examination constitute assurance of a passing grade in the evaluation of education and experience if the same is a part of the examination.

(b) The Director may require such proof of age, education, licensure, experience and other qualifications as may be appropriate.

5.4 *Disqualification of Applicants*

The Director may disqualify and/or refuse to examine an applicant seeking employment with the City if it is found that the applicant does not meet the minimum requirements for the class of positions in which the applicant applied. The applicant may also be disqualified after examination or refused certification if:

(a) It is found that the applicant does not meet or falsified any one of the preliminary requirements or has made a false statement of material fact established for the examination for the class of positions.

(b) Applicant is unable to perform the essential functions of the job with or without reasonable accommodations.

(c) Applicant submits an application for employment while visibly under the influence of illegal controlled substances and/or alcohol; or applicant tests positive for a post-offer pre-employment drug test for illegal controlled substances.

(d) Applicant has used or attempted to use political pressure or bribery to secure an advantage in the examination.

(e) Applicant had directly or indirectly obtained information regarding the examination to which, as an applicant, he/she was not entitled.

(f) Applicant has failed to submit his/her application correctly or within the prescribed time limits.

(g) Applicant has taken part in the compilation, administration or correction of the examination for which he/she is an applicant.

(h) Applicant has been convicted of a felony or misdemeanor involving disgraceful conduct.

(i) Applicant had otherwise willfully violated the provisions of these Rules.

(j) Applicant has established an unsatisfactory employment or personnel record as evidenced by reference check of such a nature as to demonstrate unsuitability for employment.

(k) Or for such other reason considered by the Director to indicate employment of the individual would be detrimental to the best interests of the City. Any applicant who does not meet minimum requirements as to training and experience but who will meet these requirements as a result of the completion of further educational work or experience which the applicant has scheduled for the six (6) months immediately following the closing date for receipt of applications, may be allowed to take the examination.

An applicant successfully completing the examination under this provision shall have his or her name entered on the register in the same manner as others; however, no such applicant may be appointed to a position in the classified service of the City until all preliminary requirements for the position have been met.

5.5 *Character of Examinations*

Examinations shall be practical and of a generally accepted nature, constructed to reveal the capacity of the applicant for the particular class of positions for which the applicant is competing, and the applicant's background and related knowledge shall be rated impartially. The Director may use an evaluation of education and experience and/or a test of capacity, knowledge, skills, abilities, and personal characteristics, which in the Director's judgment best serves the need to discover the relative fitness of the applicant. Examination procedures will be established to assure that selection instruments will be reliable, valid, and objective. They will provide for the appropriate ranking of applicants seeking employment with the City.

5.6 *Conduct of Examinations*

Examinations shall be conducted in places determined by the Director to be most convenient for applicants and practicable for administration.

(a) The Director may designate monitors to take charge of examinations under instructions prescribed by him, provide for the compensation of such monitors, and make arrangements for the use of public buildings in which to conduct the examinations.

(b) When practicable, the identity of persons taking competitive assembled tests shall be concealed from the examiners by use of identification numbers.

5.7 *Rating Examinations*

In any examination, the minimum rating or standing through which eligibility on a register may be earned shall be determined by the Director. Such final rating shall be based upon a weighted average of the various parts of the total examination. All applicants for the same class of positions shall be accorded uniform and equal treatment to all phases of the rating procedure. A minimum passing score may be set for any part of the examination. Candidates may be required to attain at least a minimum score on each part of the examination in order to receive a passing grade or to be rated on the remaining parts of the examination.

5.8 *Rating Education and Experience*

When the rating of education and experience forms a part or all of the examination, the Director shall determine a procedure for the evaluation of the education and experience qualifications of the applicants. The formula used in appraisal shall give due regard to recency and quality, as well as quantity, of experience and pertinency and quality of the education.

Prior to certification from the register, the Director may investigate the candidate's educational record and work history. If the results of these investigations bring out information affecting the rating of education and experience, the Director may re-rate the candidate accordingly or make the necessary revision of the rating and so notify the candidate.

5.9 *Oral Examinations*

When an oral examination forms a part or all of the examination for a class of position, the Director shall appoint an oral examination board consisting of two or more members. The Director may appoint qualified City employees or other qualified persons not employed by the City to serve as members of such boards. All candidates for the same class of positions who qualify for the oral examination shall be rated by the same oral examination board. When deemed appropriate by the Director due to the circumstances of the particular hiring process, including but not limited to when large numbers of persons are to be interviewed, the Director may authorize the substitution of one or more members of the oral examination board with

qualified alternate members. Each substitution of such an alternate member shall be approved by the Director, or his designee. A member of an oral examination board shall disclose each instance in which he knows the applicant personally and shall refrain from rating such applicant when it is determined by the Director of Human Resources that he has a relationship with an applicant that would present a conflict of interest in evaluating that applicant. A supervisor or superior/subordinate employment relationship between the board member and the applicant alone shall not constitute such a conflict of interest. Examples of relationships that may present a conflict of interest would include spousal relationships, and current or former relatives, as defined in Merit Rule 11.4, and current or past close social or personal relationships between the member and the applicant.

5.10 *Veterans Preference*

Applicants who present evidence showing honorable service in the armed forces of the United States or placement on the reserve list who have met the minimum requirements imposed for each test and who have received at least the passing grade required for eligibility, shall have added to their earned gradings an additional five (5) points on the basis of 100. All such persons except Police and Fire Department applicants, who are suffering service connected disability of at least 10% compensable disability rating, based on the findings of the United States Veterans Administration, shall have added to their earned gradings 10 points on the basis of 100. Proof of eligibility for the preference provided shall be furnished the Director of Human Resources through submission by the person claiming preference of the discharge granted to the veteran or through whom preference is claimed or a properly certified copy of such discharge, and in the case of a disabled veteran, additionally, a recent certificate from the Veterans Administration of the United States, showing service connected disability to exist. Veterans preference shall apply only to entrance examinations. Retention in the service in the case of reduction in force or abolition of positions for lack of work or funds shall be based solely on ability to perform properly the duties of the position and on relative length of efficient service. No credit shall be allowed in the case of any kind of discharge other than honorable or general under honorable conditions.

5.11 *Notice of Examination Results*

Each internal applicant, or current City employee, shall be notified of his examination results as soon as practical after the rating of the examination has been completed or the register established. Each external applicant shall be notified of his examination results as soon as practical after the register is established or the position has been filled. All eligibles shall be entitled to information concerning their relative position on the register upon request.

5.12 *Adjustment of Errors*

A manifest error in the rating of an entrance examination, if called to the attention of the Director within five (5) business days after receipt by the applicant of the notice of examination results, shall be corrected by the Director provided; however, that such correction shall not invalidate any certification and appointment previously made.

A manifest error in the rating of a promotional examination affecting the ranking of candidates on a promotional list if called to the attention of the Director within five (5) business days after establishment of such list may, upon recommendation of the Department Head, invalidate any previous action taken on the promotional list resulting in the establishment of a new list.

5.13 *Special Examinations*

Except in the case of a manifest error in the examining of an applicant, no applicant shall be given a special examination unless the Director finds it to be in the best interest of the service or that the applicant's failure to take or complete an examination was due to circumstances entirely beyond his control. No claim for a special examination shall be allowed unless it is filed in writing with the Director within fifteen (15) days after the date of the original examination. The Director may at any time initiate a special examination when deemed to be in the best interest of the service. Any special examination shall be constructed on a pattern similar to, and as extensive as, the original examination. Any such special examination shall not invalidate any certification or appointment previously made.

5.14 *Examination Records*

The Director shall be responsible for the maintenance of all records pertinent to examination programs.

The Director of Human Resources may destroy the application and examination material of applicants who fail or fail to appear for the examination or who are permanently rejected. The application and examining material of all other applicants shall be kept in accordance with City records retention requirements.

RULE 6 - REGISTERS

6.1 *Responsibility for Maintenance of Registers*

It shall be the duty of the appointing authorities to notify the Director as far in advance as possible of vacancies which may occur in the departments. The Director shall be responsible for

the establishment and maintenance of appropriate registers for all positions and for the determination of the adequacy of existing registers.

6.2 *Open-Competitive Registers*

City employees applying and competing under an open-competitive posting will be subject to applicable provisions outlined in 10.1. After each open-competitive examination, the Director shall prepare a register of persons with passing grades. All fractional scores shall be rounded off to the nearest whole number. The names of individuals shall be placed on the register in the order of their final ratings, starting with the highest final rating.

6.3 *Use of Related Registers*

If a vacancy exists in a class of positions for which there is no appropriate register, the Director may prepare a register for the class from one or more existing related registers. The Director shall select registers from classes of positions for which the minimum qualifications are comparable to or higher than those required for the class in which the vacancy exists. The Director may, if appropriate, re-rate training and experience on the basis of the minimum qualifications required for the class of positions in which the vacancy exists.

6.4 *Duration of Registers*

(a) The normal life of a register shall be for six (6) months from the date of the establishment of such list. The life of a register for an "Open Until Filled" job posting begins either upon certification of eligible candidates to the hiring department in accordance with 7.2.1, or after sufficient recruitment efforts have been made resulting in the establishment of a valid register with the appropriate number of candidates and scores as outlined in 7.2. A register may, upon the written request of the department head and approval of the Director of Human Resources or designee, be extended for not more than one year beyond the original date of its expiration. The maximum life of an Open Until Filled register is 18 months from the original date of establishment.

(b) The life of registers for classes of positions for which continuous recruitment and examination is conducted shall be indefinite but may be terminated by the Director. The names of eligibles shall be added to and removed from such registers on a continuous basis. The name of an eligible shall not remain on a register for a class of positions in the continuous program for longer than 18 months from the date of its entry on the register. Whenever the name of an eligible is removed from a register, he shall be notified. An eligible whose name has been removed from a register under this provision shall retake the examination to maintain his

eligibility. Once a continuous recruitment program has been terminated, the life of the register will be 18 months from the date of placement of the last eligible candidate(s) on the register.

(c) When a register becomes so depleted that the preparation of usable certificates for imminent vacancies in the class of positions is impracticable, the register will be considered exhausted. The register which has become exhausted shall be considered expired upon the administration of a superseding examination and the establishment of a register on the basis of that examination. When a register becomes exhausted, the Director shall send to each eligible remaining on such register a notice of the announcement of a superseding examination. Such eligibles shall be required to retake the examination for placement in the new register. Provided that, an eligible candidate shall be required to retain his/her score when all of the following conditions are met: (1) the Eligibility List is less than six (6) months old, (2) the candidate is still interested in the position, (3) the exact same screening criteria is utilized, and (4) the testing and or interview process and panel remains exactly the same.

6.5 *Replacement of Registers*

If the Director determines that a register, although not exhausted is inadequate for the filling of anticipated vacancies, he may announce an open-competitive examination for the purpose of replacing the inadequate register. At the time of the announcement of such examination, all eligibles remaining on the register shall be notified of the action and shall be advised that they may take the new examination. Failure to take the new examination will result in the formerly eligible candidate no longer being eligible for consideration. Except an eligible candidate shall be required to retain his/her score when all of the following conditions are met: (1) the Eligibility List is less than six (6) months old, (2) the candidate is still interested in the position, (3) the exact same screening criteria is utilized, and (4) the testing and or interview process and panel remains exactly the same.

6.6 *Removal of Names from the Register*

(a) **Reasons for Removal** - The Director may remove the name of an eligible from a register:

- (1) For any of the causes stipulated in Rule 5.4;
- (2) on evidence that the eligible cannot be located by postal authorities or if the eligible has failed to respond within seven (7) calendar days to a letter of inquiry regarding availability for appointment;

(3) on receipt of a statement from the eligible stating that he no longer desires consideration for a position in that class;

(4) if two (2) offers of probationary appointment to the class of positions for which the register was established have been declined by the eligible;

(5) if an eligible has received probationary appointment to any position of another class.

(b) Notifications - Whenever an eligible's name is removed from a register for reasons cited in 6.6 (a) of this Rule, the Director shall notify the eligible of this action and inform him that his name may be restored to the register upon presentation of reasons satisfactory to the Director. Notification shall not be made when an eligible has requested that his name be removed from a register, when there has been no reply to a letter of inquiry, or when postal authorities have been unable to locate such eligibles.

6.7 *Re-Employment List*

An employee with status who has been laid off because of lack of funds or work, curtailment of program, abolishment of organizational unit or material change in duties or organization, and through no fault of his own, may request in writing that his name be placed on a re-employment list for the class of positions from which he was laid off. The name of an employee with status, who has been dismissed for reasons found to be insufficient by the Personnel Board after hearing the appeal, may with approval of the City Manager, be placed on the re-employment list. The order in which such names are arranged on each list shall be determined by the Director, who shall give consideration to qualification, performance appraisal, conduct, and seniority in service.

Eligibility to remain on the re-employment list shall expire one (1) year from the effective date of the layoff or separation.

6.8 *Promotion Register*

After each competitive promotional examination held in accordance with Rule 10, the Director shall prepare a register of persons with passing grades. All fractional scores shall be rounded off to the nearest whole number. The names of individuals shall be placed on the register in the order of their final rating, starting with the highest final rating. All ties in final score shall be placed on the register in order of city seniority as determined by the Director of Human Resources.

RULE 7 - CERTIFICATION AND SELECTION OF ELIGIBLES

7.1 *Request for Certification of Eligible*

To fill a vacancy by selection of an eligible from a register established on the basis of an open-competitive examination, the appointing authority shall submit a request for certification to the Director upon forms prescribed by him. This requisition may be for one or more persons in the same class and shall indicate the number and identity of positions to be filled and the title of the class to which they have been allocated and specify all other pertinent information which the Director deems necessary. The appointing authority shall make such request as far in advance as possible of the date the employee is to begin work.

7.2 *Certification of Eligibles*

Upon receipt of a requisition, the Director shall certify and submit in writing to the appointing authority the names of available persons eligible for the appointment. If one position is involved, he shall certify and submit from the register for that class of positions the names of all persons whose scores are included in the highest three (3) whole number scores earned on the examination. If more than one vacancy occurs in the same class of position under the same appointing authority, the Director shall certify the names listed under one additional whole number score for each additional vacancy, the highest whole score first. If the register established as a result of the open-competitive examination for a specific class of positions is exhausted, the Director may certify and submit names in accordance with the above procedure from a related register. The life of a certificate during which action may be taken will typically be thirty (30) calendar days from the date of issuance, with discretion afforded to the Human Resources Director when issues such as extensive background checks may require a longer period be allowed. Any appointment made from such certificate during that time shall not be subject to any change in the condition of the register taking place during this period.

7.2.1 *Certification When Register Exhausted*

Notwithstanding any other provision of the Merit System Rules and Regulations to the contrary, whenever the appointing authority requests that a position be filled and certifies that there is an immediate need to fill the position and when the Director concurs in the immediate need to fill the position and finds that he cannot meet the need within a reasonable time, then the Director may certify to the appointing authority the names of all persons eligible for the appointment.

7.3 *Availability of Eligibles*

(a) An eligible may be considered not available for certification by the Director if he fails to reply to a written inquiry to his last known address or if such reply be made later than seven (7) calendar days from the date of such inquiry.

(b) An eligible may be considered as not available for certification by the Director if he has previously declined a position of the same class in the organizational unit and has not indicated that he wishes to be considered for a position of that class in that unit.

(c) An eligible may at any time during the life of a register have himself listed as available or not available for appointment to a position of that class in any organizational unit or units by filing notice of such effect with the Director.

7.4 *Selective Certification of Eligibles*

(a) The appointing authority may specify in writing requirements of particular experience, education or skill when he deems such requirements necessary for a position. If, after investigation of the duties and responsibilities of the position, the Director finds the particular experience, education or skill so specified is essential for successful performance he may certify in order of rank on the register the names of those persons who possess those qualifications specified. If, in certifying the names of such eligibles, the Director finds there are fewer than three (3) such eligibles, he shall complete the certificate by adding, after the names of such eligibles, the names of other eligibles available for the appointment in the order of their respective rank on the register.

(b) The appointing authority may specify in writing exceptional requirements of particular physical characteristics when he deems such requirements necessary for a position. If, after investigation of the duties and responsibilities of the position, the Director finds the exceptional requirement of physical characteristics essential for successful performance, he may certify in order of rank on the register the names of those persons who possess the qualifications specified. If, in certifying the names of such eligibles, the Director finds there are fewer than three (3) such eligibles, he shall certify the names of other eligibles available for the appointment in the order of their respective rank on the register.

7.5 *Selection of New Employees*

(a) In making appointments from the open-competitive register, the appointing authority shall select for each position a person whose score is included in the three highest whole scores, exclusive of the names of those persons:

- (1) who decline appointment or request that they not be considered for appointment;
- (2) who fail to reply within a period of seven (7) calendar days to the written request of the appointing authority for an interview or who do not arrange to report for such an interview within a reasonable time or who fail to appear for an interview which they have arranged with the appointing authority;
- (3) who accept an appointment and fail to present themselves for duty at the time and place agreed to without giving the appointing authority satisfactory reasons for the delay;
- (4) to whom the appointing authority offers an objection in writing based on Rule 5.4, which objective is sustained by the Director.

(b) The final selection by the appointing authority shall be reported to the Director. At the same time, the appointing authority shall indicate the disposition of the other names listed on the certificate and shall forward to the Director, for permanent record, evidence of the non-availability of any eligibles passed over for that reason.

(c) If, in the exercise of his choice, the appointing authority passes over the name of an eligible on a register in connection with two separate appointments for the same class of positions which he had made from the register, written request by the appointing authority may be made of the Director that the name of such eligible be omitted from any subsequent certifications from the same register to the same appointing authority for the same class of positions. If the Director sustains such request, the name of such eligible thereafter shall not be certified by him from that register for other vacancies in the position to the same appointing authority.

7.6 *Certification of Names from the Re-Employment List*

Whenever a request is received for certification from the open-competitive register, the Director shall, if a re-employment list exists for that position, certify only the names of the three (3) top

8.2 *Probationary Appointment*

The appointment to a regular position in the classified service through certification in accordance with Rule 7 from an open-competitive register shall constitute probationary appointment.

8.3 *Provisional Appointment*

When an appointing authority finds it essential to fill a position and the Director of Human Resources is unable to certify eligibles for such position because there is no existing appropriate register or because there is an insufficient number of persons on appropriate registers who are willing to accept appointment, the Director of Human Resources may authorize the appointing authority to fill the position by means of provisional appointment. No provisional appointment shall be made without the prior approval of the Director of Human Resources, and no payment shall be made without prior approval of the Director of Human Resources, and no payment shall be made for services rendered by the appointee prior to such approval. The length of a temporary appointment shall be no more than six (6) months in any one year. In certain cases, such as special work projects, however, the length of a temporary appointment may, with the approval of the Director of Human Resources, be governed by the duration of the project. The acceptance or refusal by an eligible of a temporary appointment shall not affect his standing on the regular employment list. For a temporary employee not certified from an eligible list to be considered for a regular position he must first pass the entrance examination and be placed on the appropriate list. In the event a temporary employee is appointed on a regular basis, such appointment may be retroactive to the date of his last appointment on a temporary basis providing there has been no break in service. In all such cases of temporary promotional appointment, said employee shall receive a ten percent (10%) increase in pay unless it exceeds or is less than the authorized pay range for the position, unless otherwise approved by the City Manager.

8.6 *Re-Employment*

9.3 *Separation During the Probationary Period*

(a) If at any time during the probationary period, the appointing authority determines that the services of the employee have been unsatisfactory, an employee may be separated from his position without the right of appeal or hearing. The appointing authority shall notify the employee in writing the reasons for the separation. (b) A promotion is the filling of a position by the advancement of an employee from a position having a lower pay grade. Promotions may be made on either a competitive or non-competitive basis at the discretion of the Director, after consultation with the appointing authority. An employee who is promoted shall be required to serve a probationary period as provided in Rule 9.1. Serving a probationary period upon promotion shall not affect the employee's status in the lower class of positions.

(c) In filling a position by promotion on a competitive basis, the Director shall administer a competitive examination which shall be open to all regular City employees who meet the necessary requirements and who are serving in an appropriate class of positions as determined by the Director of Human Resources. A promotional examination may include employees in specific classes in all departments or may be limited to a single department or a subdivision as determined by the Director of Human Resources. No employee shall be deemed eligible for

The Director shall prepare a register as provided in Section 6.8 of Rule 6 and shall supply the appointing authority with a certificate of eligibles. Selection shall be made by the appointing authority in accordance with Rule 7 and shall be reported to the Director. Where the ability, efficiency, and qualifications of employees being considered by promotion are determined as equal, seniority shall prevail for purposes of promotion. When an open-competitive or promotional only announcement results in only one qualified regular employee who is eligible for consideration, the Appointing Authority may submit a request to the Director that the employee be promoted without any further examination. The Director shall certify that the candidate meets the minimum qualifications and is eligible for appointment.

(d) If the City Manager, or his designee, authorizes an appointing authority to fill a position by promotion of an employee on a non-competitive basis, the appointing authority shall submit the name of the employee proposed for promotion to the Director. If the Director finds the named employee is qualified for the proposed promotion, he shall so notify the appointing authority. The promotion shall then be reported to the Director.

(e) In the event an eligible employee receives valid leave orders for military service which causes the employee to be unavailable during all or part of a promotional testing process, timely notification must be provided in writing to the Director of Human Resources prior to the commencement of testing. Timely notification requires notice to be submitted within seven (7) days of the employee receiving the orders or the announcement of the promotional testing dates. When timely notice is provided, the Director will give due consideration to the employee in order to provide the same or equal promotional opportunities as provided to other employees not on military leave. The Director may, with discretion, consider requests that fall outside these defined parameters of timely notification for employees on military leave.

Furthermore, in cases where the promotional examination, or a portion of the promotional examination, is limited to a written examination or an oral examination that does not include outside assessors or evaluators, the employee may be allowed the same or similar examination. The employee's passing score, if applicable, may be added to the existing register as long as the register has not expired. In cases where an assessment center, specialized skills testing, or outside assessors/evaluators are utilized, the employee will be allowed to test during the next available promotional testing process. The employee's final score will determine the employee's rank on the register as if the employee had participated during the immediately preceding promotional testing process. If the Director determines the employee's final score would have

resulted in the employee being promoted if not for the military leave, the employee will be promoted and the employee's promotion date and base pay will be adjusted to the promotion date determined as a result of the immediately preceding promotional testing process.

10.2 *Transfer*

(a) An appointing authority may transfer any employee from a position of a class to another position of the same class within his organizational unit. The appointing authority shall report such action to the Director.

Under provisions (b) and (c), city employees desiring to transfer must file a Transfer Request Form with the Human Resources Department. In addition, the hiring supervisor or authorized agent of the department as designated by the appointing authority, shall interview all city employees certified by the Human Resources Department as eligible for a transfer for the vacancy requisitioned. Such interviews are not required in cases where the supervisor has interviewed the employee within the last six (6) months, or the employee has previously worked for the supervisor, or other reasons approved by the Director.

(b) Two appointing authorities may transfer an employee from a position of a class to another position in the same class between their respective organizational units upon mutual agreement and with report to the Director.

(c) The transfer of an employee from a position of a class to a position of another related class of the same pay grade may be made by an appointing authority or appointing authorities if two units are involved, subject to the prior approval of the Director and only if the classes involved are so related that the experience in and entrance qualification requirements of one class are such as to qualify the employee in a reasonable manner for the other class.

10.3 *Demotion*

(a) The movement of an employee to a position in a lower class is a demotion. For this purpose a lower class means a class having a pay grade lower than the pay grade of the position in which the individual is employed.

(b) An employee may be demoted for lack of work in his class or for cause, and in case of the latter only after the employee has been presented with the reasons for such demotion in writing, and has been allowed at least fifteen (15) calendar days to reply thereto in writing or upon request, to appear personally and reply to the appointing authority. A copy of the statement of

reasons and the reply shall be filed with the Director. An employee with status may appeal his demotion for cause in accordance with Rule 13.

(c) If, for personal or other reasons, an employee requests in writing that he be assigned to a position of a lower class, the appointing authority may make such a demotion. In such cases, the demotion will be deemed to have been made on a voluntary basis and from which there shall be no appeal, and a report shall be made in writing to the Director.

The employee shall be notified of the effective date and shall be given written notice of the reasons for the layoffs.

(b) In the classified service, seniority, qualifications, and type of appointment shall be considered in determining the order of layoffs in the manner prescribed hereafter. No employee with status is to be separated by layoff while there are provisional, temporary, emergency or probationary employees serving in the City's service in the same class of positions, except that provisional, temporary, emergency or probationary employees may be retained if no regular employee desires and qualifies for such positions except provisions of this Rule shall not apply to employees hired pursuant to Federal or State grants unless displaced City employees qualify and can legally displace employees hired pursuant to Federal or State grants.

If one or more employees are eligible for the position, the vacancy shall be filled by the employee having the greatest seniority.

(d) If no vacancies exist in the same job classification under paragraphs (c)1 and (c)(2) and if the displaced employee chooses not to exercise the option in paragraph (c)(3) above, the employee may bump another employee in the classified service in the same job classification in another department if the displaced employee possesses greater job seniority than the employee having

the least job seniority in that particular job classification. If no such positions in another department are available, then the displaced employee may bump an employee in a lower-graded position in the employee's department in the classified service; provided, however, such displaced employee shall be qualified for that position and has greater seniority than the employee having the least seniority in that job classification.

13.5 Grievance Procedure

(a) Preface

From the standpoint of the following procedures, a grievance exists when an employee feels dissatisfied or annoyed with some aspect of his work over which he has no control.

Calm and sensible discussion between the employee and the immediate supervisor will usually resolve most employee problems. This sort of settlement, without bringing in a third party is, of course, the best way to settle most grievances. This can be done readily when both the supervisor and the employee adopt a proper attitude and show willingness to settle any differences that may exist, intelligently and on a reasonable basis.

Employees are free to seek answers to any question and adjustment of any grievances without discrimination, coercion, restraint or reprisal. Supervisors and higher authorities shall see that all

questions, complaints, and grievances receive prompt, impartial, and systematic consideration in attempting to reach satisfactory adjustments.

The following procedures are to be followed by an employee who sincerely believes that he has reason to complain; his desire that his complaint be reviewed by his immediate supervisor and by higher authority if necessary, and who desires remedial action.

(b) *General Provisions*

- (1) All employees should feel free to present to their immediate supervisor, formally or informally, any problem that is troubling them in connection with their work.
- (2) The employee is assured freedom from discrimination, coercion, restraint or reprisal in presenting his grievance.
- (3) The employee may choose a fellow employee to accompany him in the procedure.
- (4) Whenever possible, grievances are to be handled during the regularly scheduled working hours of the persons involved.
- (5) Any step of the procedure may be the last. An employee's grievance shall be considered settled at the completion of any step of the grievance procedure if all parties involved are satisfied. In fact, it is hoped that the great majority of grievances will be settled in the first step. However, nothing in these regulations shall be construed as limiting the employee's right to exhaust the remedies provided herein.
- (6) In this procedure, dissatisfaction on someone's part is implied in the movement of the complaint from one step to the next.

The time procedure may be extended by mutual consent of all parties concerned and approval of the Director of Human Resources.

- (7) If for any reason it is impossible for the steps in this procedure to be followed as outlined, the procedure may, with the consent of all parties concerned and approval of the Director of Human Resources, be revised to fit the needs.

(8) Whenever the employee is aggrieved by some act of commission or omission on the part of his immediate supervisor, he may initiate the action authorized by this procedure by explaining his grievance to the immediate supervisor of the said supervisor or may initiate the action authorized by forwarding the appeal form to the immediate supervisor of said supervisor.

(9) The procedures outlined in Rule 13.5 shall be construed as encompassing all situations for which an employee feels aggrieved and for which a remedial action is desired, except dismissals or other direct appeals described in Rule 13.4.

(c) Steps of the Procedure

Step a - The employee may explain orally the situation to his immediate supervisor.

The supervisor shall, either alone or in collaboration with his superiors, reach a decision and communicate it orally to the employee within two working days of his being told of the situation causing the grievance. (Every possible effort should be made to settle minor complaints at this stage.)

Step b - If the grievance is not settled at the first step, the employee may within three working days write up an appeal setting forth the facts as he knows them with reference to those sections of the Manual on which the grievance is based and present it to his Department Head. The Department Head shall obtain all pertinent information about the case up to this point from the departmental file. The Department Head may hold a conference with all parties concerned if it is deemed necessary.

Within three working days of receipt of the appeal, the Department Head shall notify the employee and the supervisor of his decision in writing.

Step c - If the grievance is not settled at the second step, the employee may file with the Department of Human Resources an appeal to the City Manager. The Director of Human Resources shall assemble the facts of the case and present them to the City Manager. The City Manager may hold a conference with the persons concerned in the case, if it is deemed necessary.

Within five working days following receipt of the appeal, the City Manager shall present his decision in writing to the Department Head and the employees.

13.6 Personnel Board Hearing

(a) Responsibility of the Personnel Board

When an employee shall make a complaint before the Personnel Board in a case involving his dismissal, demotion, reduction in pay or suspension, it shall be the duty of the Personnel Board to ascertain to the best of its ability the facts of the case and after weighing all available evidence to report its findings to the City Manager for such disposition as he may deem appropriate.

(b) Complaint - Setting Date For Hearing

When a request for a hearing is contained in such complaint, the Board's Chair will review the complaint. After review of said complaint, the Chair of the Board will determine if the Board has jurisdiction to hear the complaint. If it is found that the Board has jurisdiction to hear the complaint, then a public hearing shall be scheduled for a pre-selected date and time as determined by the Board, and at such time and place as designated by the Chair of the Board. In the event there is more than one complaint pending before the Board at the same time, then the Chair of the Board shall have the authority to schedule the hearings in the order that the Chair determines is the most practical method of dispensing of the claims.

Hearings will be scheduled for a pre-selected date and time during the month following receipt of the complaint, provided there is sufficient time to comply with the disclosure phase of the hearing process. Should there not be sufficient time to comply with the disclosure phase of the process, then the pre-selected date set for the next month would be selected. Should the complainant or their legal counsel have a conflict with the original pre-selected date and time, the hearing will be scheduled for the next available pre-selected date and time during the following month. The Board will not reschedule a hearing more than two times to accommodate counsel scheduling conflicts. If scheduling conflicts arise that do not allow the complainant or their counsel to attend one of the three dates provided by the Board, the complainant shall be deemed to have voluntarily waived his or her right to a hearing before the Personnel Board.

The Board reserves the right to reschedule a hearing date if it is apparent a quorum will not be available.

(c) Notice of Hearing

Notice of the time and place set for public hearing shall be given promptly by the Secretary of the Board to the complainant and at least five (5) days prior to the hearing by Certified Mail, Return Receipt Requested, addressed to the complainant at his last known post office address.

(d) Board Shall Have Access to Pertinent Data

In order to properly discharge its function in regard to the review of such disciplinary actions, the Board shall have access to any files, correspondence, memoranda, etc., which they feel might be pertinent to the case and shall have the right of questioning any officers or employees of the City whom they feel may be able to shed light on the circumstances involving the disciplinary action in question. No officer or employee shall himself be subject to disciplinary action as a result of testimony given in such a hearing.

(e) Scope of Personnel Board's Review

In its review of a disciplinary action the Personnel Board shall limit itself, in the absence of overriding cause for considering extraneous matters, to a consideration of: (1) The question of the appropriateness of the discipline to the transgression, with regard to the case under consideration, and (2) the question of whether the employee is guilty of the transgression with which he is charged.

(f) Hearing to be Informal

Hearings shall be conducted in an informal manner with every effort made by the Personnel Board to avoid the appearance of conducting a trial as in a court of law.

(g) Adjournments

Public hearings on complaints may be adjourned only upon good cause shown, and in the event that the complainant shall fail to appear in person or by counsel at the time and place set for hearing, he shall be presumed to have waived his right to further hearing and the Board may proceed forthwith to investigate and determine the case.

(h) Representation

Complainant may, at their election, be represented by counsel, provided that notice of such representation shall be filed with the Secretary of the Board at least forty-eight (48) hours prior to the time set for hearing. The Personnel Board will be represented by counsel provided by the City Attorney.

(i) Conduct of Hearing

Hearings before the Personnel Board shall be public and shall be conducted in an orderly manner with a view of the presentation of all material facts so that a fair and impartial decision may be made. The Chair of the Board shall have full authority at all time to maintain orderly procedure and to reject irrelevant matters and limit the hearing to relevant facts. The Personnel Board shall have the authority to adopt rules and regulations pertaining to the conduct of hearings and the conduct of its business provided such rules are not inconsistent with the laws of the City.

(j) Decisions

The decision of the Personnel Board shall be promptly reduced to writing, setting forth its finding and recommendations, and be filed with the City Manager with a copy to the Mayor. The Board may make recommendations to the City Manager as follows:

- (1) The Board may recommend concurrence in the action of demotion, dismissal, suspension or reduction in compensation.
- (2) If the Board finds that the action complained of was taken by the appointing authority for political, religious or ethnic reasons, the Board shall recommend that the employee be restored to his former position or a like status without loss of pay and without penalization.
- (3) In all cases, the findings and recommendations of the Board shall be submitted to the City Manager for his consideration, who may, not later than thirty (30) days after receipt of such findings and recommendations, restore the employee to his former status with or without loss of pay for the period involved; modify his original decision of dismissal, demotion, suspension or reduction in compensation; or continue with his original decision. The decision of the City Manager shall be final.
- (4) When an employee is dismissed and not reinstated after much appeal, the Board in its discretion may recommend that his name be placed on an appropriate re-employment list for employment in any similar position other than the one from which he has been removed, and the City Manager may act thereon at his discretion.

(k) Subpoena Power

The Chair of the Board shall have the power to issue subpoenas to compel witnesses to attend public or private hearings of the Board and to produce at such hearings relevant books or records with regard to a matter under appeal. Failure to comply with such subpoenas shall be punishable in Municipal Court in accordance with provisions of Section 1-7 of the Springfield City Code; provided, no such subpoena shall require any appearance sooner than three (3) days from the date such subpoena shall be served and the party subpoenaed shall have two (2) days from the date of service to move the Municipal Court to quash the subpoena. If a motion is made, the Court may continue the time for compliance with such subpoena as necessary to rule on the motion but not longer than ten (10) days from the original date set for the appearance. A copy of such motion is to be served upon the City Attorney as counsel for the Board.

RULE 14 - EMPLOYEE PERFORMANCE

14.1 Performance Appraisal

The Director shall, in cooperation with appointing authorities and others, develop and adopt a system of appraising the performance of employees in the classified service for purposes of employee development and improving work performance.

14.2 Programs to Improve Efficiency of Employees

The Director shall cooperate with appointing authorities in developing and promoting programs for employee training, safety, morale, work motivation, health, counseling, and welfare. The Director shall prescribe or approve procedures for resolving employee grievances and complaints, within the provisions of Rule 13.

RULE 15 - RECORDS AND REPORTS AND NOTICES TO EMPLOYEES

15.1 Personnel Forms

The Director shall prescribe personnel forms which appointing authorities shall use and properly maintain all employee records and record and report all personnel actions and status changes. The Director shall inform the appointing authorities which personnel actions and status changes must be reported to him.

15.2 Leave Records

The Director of Human Resources shall install and maintain a leave record showing for each City employee: (1) annual leave earned, used and unused; (2) sick leave earned, used and unused; and (3) any other leave with or without pay. Such records shall be the basis for periodic reports to the City Manager on leaves as he may require.

15.3 Official Roster

The Director shall prepare and maintain a record of all employees showing for each employee his name, address, title of position, salary rate, changes in status, transfer, sick leave, and annual leave and other pertinent data.

15.4 Records of the Department of Human Resources

(a) Except as otherwise provided in these Rules, all records of the Department shall be considered public records and may be inspected, when in the public interest, upon application made to the Director during normal working hours.

(b) Records in the Department involving investigation correspondence and data related to the moral character and reputation of applicants for employment or employees in the City service files, statements, reports, correspondence and other data in connection with and related to investigations of violations of these Rules conducted by the Board; and examination materials, questions, data and examinations and tests conducted and held by the Department shall be held confidential.

(c) All existing or future personnel records of the City pertaining to the hiring, firing, disciplining or the promotion of personnel of the City shall be closed to the public unless the person whose record is released requests the same or the record is made part of the pleadings or admitted into evidence at a public hearing before the Personnel Board or other judicial or quasi-judicial body.

(d) The City Council may, by specific vote, authorize the opening of any record closed under this Section.

(e) The City Manager or his designee may, in his discretion, as he deems necessary or appropriate, open a record that is closed under provisions of Sec. 610.021., RSMo. 1987 Supp.

15.5 Notice to Employees

Notwithstanding any other provision of the Springfield City Code to the contrary, whenever a notice is required to be given to an employee pursuant to the Merit System Rules and Regulations or whenever the City needs to notify an employee, the mailing of a letter containing the notice by the City to the address maintained on the official roster of the City shall be deemed to constitute notice. Nothing contained herein shall prevent the City from utilizing other methods to give notice such as giving the employee actual notice or notice by any other lawful means. Employees shall be required at all times to maintain their current address on the official roster pursuant to Rule. 15.3.

RULE 16 - ADMINISTRATION OF THE CLASSIFICATION PLAN

16.1 Classification of Positions

All positions in the classified service shall be grouped into classes and each class shall include those positions sufficiently similar based on job analysis techniques with respect to their duties, responsibilities, and qualifications to ensure the gathering and documenting of positions with similar requirements as to training, experience, knowledge, skill, personal qualities, and the same rate of compensation applicable thereto.

16.2 Preparation and Content of Class Specifications

Class specifications shall be prepared by the Director of Human Resources and approved by the City Manager, defining the duties and responsibilities of all positions and the minimum entrance qualifications for successful performance. In addition to the specific qualifications as set forth in the class specifications, it shall be understood that all positions require: Ability to read, write, speak, and understand the English language and to follow written and oral instructions; ability to get along with others; thoroughness, accuracy, sobriety, integrity, loyalty, and a record of orderly law-abiding citizenship.

16.3 Identification of the Classification Plan

The classes of positions, as set forth in Section 2-29, Chapter 2, Article III, Division I, of the City Code and amendments thereto, and the specifications for the respective classes, shall constitute the Classification Plan on the basis of which all positions in the classified service and specified positions in the unclassified service shall be identified.

16.4 Allocation of Existing Positions

The positions subject to the Classification Plan are allocated to appropriate classes in accordance with the allocation records which shall be maintained by the Director of Human Resources.

16.5 Allocation of New Positions

The Director of Human Resources shall study the duties and responsibilities of each new position as it is created and, on the basis of his study, allocate it to the appropriate class.

16.6 Changes in Duties and Responsibilities

Whenever a significant change is made in the duties and responsibilities of a position involving either the addition of new assignments or the taking away or modification of existing assignments, such changes shall be reported to the Director of Human Resources by the Department Head concerned. The Director of Human Resources shall investigate such changes and, if they are to be permanent and call for reclassification, he shall cause the position to be reallocated to the appropriate class.

16.7 Class Titles and Codes

(a) Each of the standard titles specified in the Classification Plan is used to identify a class of positions and shall be used also to identify each individual position of the class.

(b) The class titles are generally indicative of the work of the class and of the level of its importance and responsibility. Where Roman numerals are affixed at the end of a title to indicate level within an occupation sub-series, the higher numbers represent the higher levels. The Roman numerals affixed to titles in one sub-series have no relation to those in titles of another sub-series, and different titles with the same Roman numeral may properly be at different grade levels.

(c) The 4-digit numerical code, which is associated with each class in the Classification Plan, may be used to identify a class or any position of the class. The first digit of the code refers to the occupational group, the next digit refers to the occupational series within the group, and the last two digits refer to the class within the series. Thus any class or position of a class can be identified with its occupation grouping from the code number alone. Further, where Roman numerals are a part of the title, the last digit of the code is consistent with the Roman numeral of the title.

(d) The class title and/or code shall be used to designate positions or employees in all budget estimates, payrolls, personnel records, reports and other official records, and in internal correspondence or other communications relative to personnel administrative processes.

(e) (1) For purposes of external relations, or other purposes not relating to personnel administration, any suitable organizational title or other title now in common use, may be continued; provided that such title is not similar to, nor may be confused with, any standard class title other than the one by which the position involved is officially designated.

(2) The City Manager may, upon the recommendation of the Director of Human Resources, change any class title of any job position as may be necessary to appropriately reflect the duties of the position. The class title change shall not alter the previously established grade, compensation, or benefits for the job position.

16.8 Interpretation and Use of Class Specifications

(a) The class specifications are mainly descriptive and not restrictive, except as to the minimum qualification requirements specified therein. The inclusion of particular expressions of characteristics or examples of duties shall not exclude others of similar kind and quality.

(b) Any employee may be required, by competent authority, to perform any of the duties described in the class specification, any other duties which are of similar kind and quality, and any duties of lower classes in the same occupational series or in other series which have similar characteristics.

(c) In determining the class to which a position should be allocated, each class specification shall be considered as a whole, giving consideration to the general characteristics, specific examples of duties, responsibilities, education and experience requirements, knowledge, skills and abilities, and relationships with other classes.

(d) The qualification statements in each class specification establish minimum requirements that must be met by any individual before he may be considered for appointment or promotion in the classified service. Common alternative combinations of education, training or experience, are specified in the class specifications. However, other combinations may be qualifying if deemed equivalent by the Director of Human Resources.

RULE 17 - DEFINITION AND APPLICATION OF THE COMPENSATION PLAN

17.1 Compensation Plan

The City's compensation plan is made up of two primary components which include internal equity and external pay competitiveness which result in salary schedules. Internal equity consists of job analysis and job evaluation procedures in order to determine each class of positions' salary grade assignment. External pay competitiveness is measured through the use of periodic salary surveys. Periodic salary surveys may include an Occupational Series survey methodology in order to make direct market comparisons and adjustments. Salary schedules are adopted by the City Council and subsequent amendments thereto.

17.2 Full-time Basis of Salary Rates

Salary rates shall be bi-weekly based on full-time employment at normal working hours for the respective class of positions. Salaries of temporary, seasonal, or part-time positions shall be determined as provided in Rule 17.3 and 17.4 below.

17.3 Computation of Salaries of Part-time Employees

An employee who is employed on a part-time schedule shall be paid on an hourly basis to be determined by the grade of the position and the step within grade to which the employee is assigned. In the case of those employees performing services of an administrative, technical or professional nature, payment for part-time work may be a percentage of the step within the salary grade to which the employee's position is assigned, such percentage to reflect the approximate number of hours worked by the employee with relation to full-time work.

17.4 Compensation of Temporary and Seasonal Employees

Temporary or seasonal employees shall, unless otherwise set forth in the compensation ordinance, be compensated at a rate agreed upon as appropriate by the Director of Human Resources and the appointing authority.

17.5 Total Remuneration

The salary rate determined for a position under these Rules shall represent the total remuneration for the employee, not including reimbursement for official travel. Except as otherwise provided in these Rules, no employee shall receive pay from the City in addition to the salary authorized under the schedules provided in the compensation plan for services rendered by him either in the discharge of his ordinary duties or any additional duties which may be imposed upon him or

which he may undertake or volunteer to perform. No reward, gift or other form of remuneration in addition to regular compensation shall be received from any source by employees for performance of their duties. If a reward, gift or other form of remuneration is made available to any employee, it shall be credited to a designated employee's fund.

17.6 Use of City-Owned Vehicles

(a) A City employee shall not use a City-owned vehicle except for the purpose of conducting City business. A City employee shall not drive a City-owned vehicle, which shall include a motorcycle, to or from the employee's place of residence before or after normal working hours except as authorized herein. The Head of a Department or authorized member of an administrative board having supervisory control of an employee may authorize such employee to drive a City-owned vehicle to or from the employee's place of residence outside normal working hours when it has been determined by the City Manager after recommendation by the Department Head or Board having supervisory control over the employee that the vehicle is being used for a purpose that serves the City and that the vehicle is not being used solely to provide transportation to or from the employee's place of residence. The City Manager shall not authorize more than seventy (70) employees to use on a permanent basis City-owned vehicles, which shall include motorcycles, outside normal business hours. In addition to the seventy (70) employees who may be permanently assigned to City vehicles, the Department Head may authorize an employee to periodically use a City vehicle for City business outside normal working hours, provided however, authorization to use a City-owned vehicle outside normal working hours shall not be granted to any employee more than twenty-five days in a calendar year. Authorization granting an employee permission to drive a City-owned vehicle outside normal working hours shall be in writing and shall be filed at the office of the administrative board or agency having supervisory control of the employee and the City Manager's office.

(b) The Chief of Police may, with the approval of the City Manager, establish a policy and procedure authorizing sworn and commissioned police department employees who reside within the Springfield city limits and are not otherwise assigned a vehicle under the provisions of the above subsection (a) to use City-owned marked police vehicles, when in other than an on duty status, including driving such vehicles to and from home and work. The policy and procedure for the use of these vehicles may be amended or discontinued in whole or part at any time in the sole discretion of the Chief of Police or the City Manager, and shall not be considered as constituting an employee benefit or form of compensation for purposes of any such amendment or discontinuance. Officers assigned vehicles under this provision shall not receive any compensation from the City for time spent driving the vehicles to and from work, or for time

spent driving the vehicles while in an off-duty or extra-duty capacity, subject to any exceptions which may be described in the policy and procedure for use of these vehicles. Officers also shall receive no additional compensation for time spent keeping the assigned vehicles clean, or for time spent arranging for repair or maintenance work to be performed upon the assigned vehicles.

Copies of the policy and procedure, as it may be amended from time to time, shall be kept by the Chief of Police and filed with the City Manager, the Director of Human Resources and the City Clerk. The provisions of the policy and procedure adopted for the use of these vehicles may differ from the provisions set out in the preceding subsection (a) as may be necessary or beneficial to further the intended purpose and benefit to the City from such use of these vehicles.

Officers receiving an assigned vehicle must first sign an acknowledgement and agreement in a form to be provided by the City acknowledging their understanding of this Merit Rule and the policy and procedure, and agreeing to accept, use and be compensated for the assignment of the vehicle pursuant to the terms and conditions of the policy and this Merit Rule.

17.7 Partial Reimbursement for Purchase of Computers

(a) Purpose. The City of Springfield recognizes that the information highway is available only through computers and with the advent of the INTERNET, computer competency becomes even more important to assure the employees of the City have the information necessary to be successful in their positions. The City Council also recognizes that the more exposure the employee has with the computer the higher the probability the employee will access the information on the computer necessary for the benefit of his job with the City.

(b) The City Manager may promulgate procedures and enter into any necessary contractual agreements with computer companies and with lending institutions, as necessary, to assist employees in purchasing one personal computer system; including central processing unit, monitor, keyboard, modem, one software and printer, to be used by the employee or his immediate family member at the employee's principal place of residence. After approval of the purchase by the City Manager or Designee, the employee may be reimbursed up to fifteen percent (15%) of the purchase price, which purchase price shall not exceed Four Thousand Dollars (\$4,000). Reimbursement for a second system must be at least 36 months after the reimbursement for the previous purchase. Part time regular employees may be reimbursed at a prorated rate, based upon the ratio of the number of hours regularly worked per week by the employee to full time hours for the position, as may be determined to be appropriate by the City Manager or his Designee.

(c) Partial reimbursement for the purchase of personal computer systems will only be paid when funding is authorized in the approved annual budget.

17.8 Internet Service Allowance

In recognition of the benefits accruing to the City described in Merit Rule 17.7 from employees having computer competency and access, subject to budgetary limitations, the City Manager may authorize the payment of an allowance for up to fifty employees to defray the cost of maintaining Internet service access for the employee's home. The allowance shall be equal to the amount of the monthly cost of the Internet access service to the employee, up to a maximum of Forty Dollars (\$40.00) per month. The City Manager may prescribe other conditions of eligibility for and payment of the allowance as he deems necessary and appropriate.

RULE 18 - ADMINISTRATION OF THE COMPENSATION PLAN

18.1 Entrance Salary Rates

(a) Starting Rate on Initial Employment

Original appointment to any position shall be made at the minimum rate and advancement from the entrance rate to the maximum rate within a salary range shall be by successive steps. Upon recommendation of the Department Head, the Director of Human Resources, or designee, may approve initial compensation at a rate higher than the minimum rate in the range for the class when the needs of the service make such action warranted when considering such factors as the candidate's outstanding experiences and abilities over and above the qualification requirements specified for the class, the market pay competitiveness of the job's entry pay rate, the candidate's salary history, or that a critical shortage of applicants exists. In the latter case, except as described herein, any incumbents receiving a lower rate shall have their rates increased to the rate established for entrance of new employees. Provided that, new employees appointed to positions within the Police Department, pursuant to a lateral hiring program established by the Police Department, seeking employees with prior law enforcement experience, with the criteria and conditions of the program to be established by the Chief of Police, and approved by the City Manager, may receive an initial salary rate higher than the minimum rate, upon the recommendation the Chief of Police and approval of the Director of Human Resources or designee, and the City Manager. When Police Department employees are hired at a rate higher than the minimum rate for the position pursuant to the Police Department's lateral hiring program, such hiring shall not result in an increase in pay for any incumbents receiving a lower rate.

(b) Starting Rate on Return to Duty

When an employee returns to duty in the same class of position after a separation from the City service of not more than one year, which separation was not due to circumstances detrimental to the best interests of the City, such employee shall receive the rate in the salary range not to exceed that which he received at the time of separation. An Employee returned to duty at the same step which he received at the time of separation shall remain thereat for at least such period as is normally required for advancement to the next full step.

An exception will be made if the employee, who is returned to duty, has voluntarily terminated their employment and was reinstated within the same calendar month and year of their termination. In such cases, the employee's increment/evaluation date shall remain the same as it was upon termination unless the employee has a break in service of more than one calendar day.

(c) Starting Rate on Return from Military Service

In the event of the return to duty of an employee who left the City service as a result of being inducted into the Armed Forces, the normal procedure shall be to place him in the step of the salary range of the previously held position which in the normal course of events he would occupy had he not left the City service.

In specific circumstances, upon recommendation of the Department Head and approval of the Director of Human Resources, the returning employee may be granted the same salary rate he received at the time of his induction or a higher rate of the range for his classification than he would probably have occupied had he not left the City service but stayed on receiving only the standard annual increments. In no case, except by voluntary action, shall he be returned at a lower salary than he was receiving at the time of his induction.

In specific circumstances, when due to the interim experience and training of the employee returning from military service, said returning employee may be placed without competitive examination in a position of a higher classification than that which he previously occupied; provided however, that he possesses fully the qualifications of that class.

(d) Starting Rate on Return to a Classified Position From an Unclassified Position

Any employee who has left a classified position to accept an unclassified position, and who subsequently is reinstated in the position previously held by him or some other similar position for which he is fully qualified, shall be entitled to the same rate of salary he was receiving upon

entrance into the unclassified position or a higher rate of the range for his classification if such action is deemed by the Director to be in the best interest of the City.

(e) Rate of Pay on Demotion

Whenever an employee is demoted to a position for which he is qualified, he shall receive the rate in the lower salary range which provides the smallest decrease in pay if the action is not for cause or any appropriate lower step in the range if the action is for cause.

(f) Starting Rate on Transfer to New Position

Transfer of an employee from one position to another shall not affect the rate being received by the employee at the time of transfer.

(g) Rate of Pay on Promotion

In any case where an employee is promoted to a class with a higher base maximum rate, the rate upon promotion shall be at the lowest step in the higher range that will provide an increase of about 10% (two increments) over the rate received immediately prior to the promotion; provided that in cases where the maximum rate of the position to which promoted is only 5% (one increment) above the maximum rate of the former position, the increase on promotion shall be about 5% (one increment). In either case the Director may approve a starting rate upon promotion greater than that provided herein. Advancement to the maximum rates subsequent to promotion will be on the same basis as described in Rule 18.2 below.

(h) Rate of Pay on Reallocation

In the event of the reallocation of a position to a class which is at a higher grade level, the employee concerned shall normally be paid at the same rate in his new pay grade or if no rate of the new range is the same, at the lowest rate of the new range which is above his former rate; provided however, the new rate of pay shall not be less than two and a half percent (2.5%) of the employee's base rate at the time of the reallocation, except an employee placed at the top step in the new pay grade through the reallocation may realize less than the two and a half percent increase of base rate but shall not exceed the pay grade. The Director may approve a pay rate upon reclassification greater than 2.5%, provided it is within the salary range. In the event of reallocation of a position to a class which is at a lower grade level, the employee concerned shall continue at the higher pay grade and shall be entitled to all benefits and pay associated with such pay grade until the employee vacates the position by transfer, promotion, demotion, or separation from the City service.

Reallocation to another class at the same grade level shall not affect the salary being received by the employee concerned.

(i) Initial Effect of Pay Plan

On the effective date of a new or revised pay plan the initial assignment of employees to the pay schedule shall be as follows: Employees receiving less than the minimum rate for their class to be increased to the minimum rate of the salary range. Employees receiving more than the maximum rate of their class to continue at the same rate. Employees whose salary rates fall at any step in the range for their position to be assigned that rate.

18.2 Advancement within a Salary Range

(a) Any employee may advance to the next step or higher rate of compensation within a salary range when all of the following conditions have been met: (1) when he holds an appointment to a regular position, (2) when such an increase will not exceed the maximum rate for the grade, (3) when at least a year of continuous service has elapsed since his most recent merit increase, promotion or demotion for cause, or hire date (an employee may be advanced in less than one year for reasons approved by the City Manager), (4) when the Department Head certifies that the employee has met prescribed standards of performance established for the department and recommends in writing advancement to the next higher rate, and (5) when the City's approved annual budget authorizes funding for annual step increases. Periods of unpaid leave, including leave pursuant to Merit Rule 27, taken in excess of ten days shall extend the one-year elapsed continuous service time requirement referenced in the preceding subparagraph 18.2(a) (3) above by the length of such unpaid leave.

(b) Anniversary Date for Pay Advancement - Anniversary dates for review and advancement within the pay range for the position shall be the actual date of promotion, employment, or the beginning of a prescribed training program such as a police academy or other extensive training program. Salary changes shall be effective the first day of the pay period. An employee's anniversary date may be changed when a new or revised pay plan results in the employee receiving an added benefit which he would not have received under normal operation of the previous plan.

(c) For Outstanding Performance - In the case of employees who have exhibited outstanding ability and exemplary effort for a period of one year, an advance of two or more steps within the range may be recommended by the Department Head and approved by the City Manager.

(d) Salary Increases for Exempt Employees – With respect to employees exempt from the maximum hours and minimum payment provisions of the Fair Labor Standards Act, Sections 29 U.S.C. 206 and 207, the City Manager may prescribe certain guidelines, which shall be in writing and filed in the offices of the City Manager and the Human Resources Department, allowing such exempt employees' department heads the discretionary authority to determine the amount of said employees' annual salary increases, including the discretionary authority to increase, within budgetary limitations, the annual compensation of any such employee by an amount not to exceed five percent (5%) above the applicable base pay rate level stated in the respective City compensation schedule for the employee's position. Provided that, said guidelines shall be performance based and not contrary to the principles of the Merit System.

18.3 Recommendations for Salary Advancement Within Range

The head of the department or office concerned shall recommend in writing to the Director the advancement in salary of each employee in his department who has met the requirements for pay advancement. In the case of an advancement upon completion of the probationary period, the recommendation shall include the certification that the probationary period has been successfully completed. In the case of subsequent advancements within the range, the recommendation shall include a certification that employee's service has been entirely satisfactory for at least six months immediately prior to the effective date of the recommended advancement in salary or wage or outstanding service for a year, as the case may be.

18.4 Requirements as to Continuity of Service

Service requirements for advancement within pay ranges and for other purposes as specified in these Rules shall have the implication of continuous service, which means employment in the City service without break or interruption in either classified or unclassified positions. Leave of absence with pay and leaves without pay of ten or less days shall not interrupt continuous service nor be deducted therefrom. Absences on leave without pay in excess of ten days, except for extended service with the Armed Forces of the United States, shall be deducted in computing total service but shall not serve to interrupt continuous service. If an employee resigns but is later reinstated, such resignation shall constitute a break in continuous service. Prior credit may be granted, however, in determining total service provided the break does not exceed one calendar year.

RULE 19 - SPECIAL PROVISIONS GOVERNING HOURS OF WORK AND COMPENSATION

19.1 Overtime Administration and Compensation

(a) In emergencies a Department Head may prescribe reasonable periods of overtime work to meet operational needs. Such overtime shall be reported and justified as required by the City Manager. Complete records of overtime of employees shall be maintained in each department or office. Payment for overtime work shall be in accordance with the regular salary ordinance.

(b) All uniformed firefighting personnel who are required to remain on duty past the end of their shift due to an emergency situation or lack of relief by fellow firefighting personnel and are therefore in a hold-over situation, shall be credited, with pay or compensatory time, at the rate of time and one-half for the actual time during which the employee continues in their duties. In addition, all non-exempt uniformed firefighting personnel who report for court duty due to a court subpoena related to City business shall be credited, with pay or compensatory time, at the rate of time-and-one-half for the court duty time worked.

19.2.1 Change of Work Shift

(a) Twenty-Four-Hour Notice for all Employees.

(b) Less than Twenty-Four-Hour Notice (CTL Employees).

When the City is required to change any Crafts, Trade or Laborers employee's normal work shift temporarily with less than 24-hours notice, then in that event an employee whose work shift is so changed shall be credited at time and one-half for those hours worked outside the time period during which the employee's normal work shift hours occur, but only for the first such changed shift during the continuance of the changed work schedule. Such credit shall be given in cash or compensatory time off as determined under general conditions approved by the City Manager. Hours worked during the first such changed shift which fall within the time period, during which the employee's normal work shift hours occur, shall be paid at the straight time rate.

19.2.2 Emergency Calls

All nonexempt employees, excluding part time or temporary employees, unless specifically authorized by contract, who report back to work for an emergency overtime assignment at the direction of proper authority after leaving their assigned place of work at the end of the regular shift, and who are officially excused before completing four hours of work, shall be credited with four hours overtime at time-and-one-half. In the event an employee works more than four hours, all additional hours worked which are outside the time period during which the employee's normal work shift hours occur shall be at time-and-one-half. Hours worked which are within the time period during which the employee's normal work shift hours occur shall be paid at the straight time rate. Overtime shall be given in cash or compensatory time off as determined under general conditions approved by the City Manager.

19.2.3 Emergency Calls - Fire Marshals Assigned On-Call

(a) Notwithstanding any other provisions of the Springfield City Code to the contrary, Fire Marshals assigned to work as on-call Fire Investigator shall be ineligible for the emergency call-in provisions of Section 19.2.2 of the Merit System rules and regulations, but shall, instead, be paid for on-call time and emergency call-ins as follows.

(b) Fire Marshals assigned by their supervisor to work as the on-call Fire Investigator shall receive compensation at the rate of 1/2 time for all time on call. On-call Fire Investigators shall also receive regular straight time pay for actual time worked during an emergency call-in. The on-call Fire Marshal shall not be credited with a minimum number of hours worked during an emergency call-in but will only be paid for actual time worked.

19.3 Bulletproof Vest Provision

In addition to any other benefits authorized by the ordinances of the City, the City shall issue a bulletproof vest to all Police Officers requesting the same provided any Police Officer owning a bulletproof vest prior to the passage of this ordinance may receive on a one time basis a clothing allowance for such vest based on the reasonable cost of such vest.

19.4 Sick Leave Incentive Plan

(a) Any regular full-time employee of the City who shall use four or less hours of personal sick leave in any six-month period shall receive One Hundred Dollars (\$100). RULE 21 - LEAVES OF ABSENCE

21.1 Vacation Leave

(a) Every officer and employee in the City service holding a regular status position shall be allowed annual vacation leave with pay as hereinafter set forth in this article:

Vacation leave shall be granted on the basis of the number of regularly scheduled hours in the standard work or duty week to which the employee is assigned at the time of his vacation. Employees with less than eight (8) years of continuous service with the City shall be allowed vacation leave at the rate of two times the number of hours in their standard work or duty week. Employees with eight (8), but less than sixteen (16) years of continuous service shall be allowed vacation leave at the rate of three times the number of hours in their standard work or duty week.

Employees with sixteen (16) or more years of continuous service shall be allowed annual vacation leave at the rate of four (4) times the number of hours in their standard work or duty week. Employees shall accumulate vacation time for each week of employment at a rate of 1/52 times the number of vacation days per year to which the employee is entitled.

(b) Vacation leave shall normally be taken during the year following its accumulation.

(c)(1) Employees who are employed in a continuous operation and are required to work on regular City holidays or are off on certain holidays as a result of their off-duty day falling on the holiday, may be granted annual leave in addition to their normal annual leave equal in work days to the number of holidays enjoyed by regular employees working a 40-hour week, Monday through Friday. Fire Department employees on 24-hour duty shift assignment shall receive one-half duty shift for each holiday received by regular 40-hour employees. Employees commencing employment on or after July 1, 2004, may accumulate a maximum of two times the amount of such holiday leave accruable in a twelve month period, provided however, any such holiday leave time earned but not used which exceeds this amount shall be forfeited by such employees.

(2) Employees on the Professional, Administrative and Technical (PAT), and the Crafts, Trade and Labor (CTL) pay schedules employed in a continuous operation as described above leaving City service through retirement or other separation shall be entitled to receive at such time of retirement or separation payment for such accrued leave in up to the maximum amounts as set out below:

Date of Retirement or Separation	PAT and CTL Continuous Operation Holiday Payout Allowed

From 1-1-2006 through 12-31-2007	400 hours maximum payout.
From 1-1-2008 through 12-31-2009	200 hours maximum payout.
On and after 1-1-2010	2 times possible annual accrual maximum payout (for example: PAT or CTL 8-hour day, 40 hours per week schedule = 144 hours).

(3) Employees on the Fire Protection (FPS) pay schedule employed in a continuous operation as described above leaving City service through retirement or other separation shall be entitled to

receive at such time of retirement or separation payment for such accrued leave in up to the maximum amounts as set out below:

Retirements and Separations	Continuous Operation Holiday Payout Allowed
Through 12-31-2005	No cap on payout.
From 1-1-2006 through 12-31-2006	1000 hours maximum payout.

From 1-1-2009 through 12-31-2009	400 hours maximum payout.
From 1-1-2010 through 12-31-2011	300 hours maximum payout.
On and after 1-1-2012	2 times possible annual accrual maximum payout (for example: FPS 8-hour day, 40 hours per week schedule = 144 hours; FPS 24-hour schedule = 216 hours).

- (4) (aa) (I) Employees on the Law Enforcement (LES) pay schedule employed in a continuous operation as described above who commenced employment prior to July 1, 2004, leaving City service shall be entitled to receive at such time, separation payment of continuous operation holiday balance on December 31, 2004, which has not been used or sold back prior to leaving City employment, unless the balance was less than two times the amount of their holiday leave accrual in a twelve month period. In such case, the higher of the two amounts shall determine the payout maximum.
- (II) If the accrued balance amount described in subsection (aa)(I) above is greater than the accrual maximum amounts set out in the subsection (bb) below for the employee's position, such balance amount shall also become the employee's maximum continuous operation holiday leave accrual amount allowed at the end of each subsequent calendar year. If the accrued balance amount described in subsection (aa)(I) above is less than the said subsection (bb) amount, the employee may accrue hours up to the maximum for his position as set out in subsection (bb) below.
- (III) Said accrued leave for employees hired prior to July 1, 2004, as described in subsection (aa)(I) above, over the balance amount described in subsection (bb) below for the employee's job position shall be paid at time of separation at the employee's base rate of pay for his or her job position as of

December 31, 2004. Base rate of pay is defined as the pay for the employee's regular position, which excludes out-of-title or temporary appointment pay.

- (bb) Employees on the LES schedule hired on or after July 1, 2004 shall be entitled to receive payment at time of separation payment for such continuous operation holiday leave up to their accrual maximum amounts described in this subsection (c) above (144 hours if employed in a job position on a 8-hour day, 40 hours per week schedule or 180 hours if employed in a job position on a 10-hour day, 40 hours per week schedule).
- (cc) All employees on the Law Enforcement (LES) pay schedule employed in a continuous operation as described above who have accrued such leave in an amount greater than their respective accrual maximum amounts described in this subsection (c)(4)(aa)(1) or (bb) above shall be required to take any such excess leave earned within 12 months of when the leave was earned. The Police Chief, or his designee, shall be responsible for insuring such hours are taken or scheduled off prior to the end of each calendar year.
- (dd) Any sell back by an LES employee of any continuous operation holiday leave on or after January 1, 2005, shall also reduce the employee's maximum accrual amount to be paid at time of separation by the amount of such hours sold back. For employees hired prior to July 1, 2004, any such sell back on or after January 1, 2005, shall be paid at the employee's base rate of pay for his or her job positions of January 1, 2005.

(d) Absence on account of sickness, injury or disability, in excess of that hereafter authorized for such purposes, may be charged against vacation leave allowance.

(e) Each Department Head shall keep records of vacation leave allowance and use and shall schedule vacation leaves with particular regard to the seniority of the employees, to accord with operating requirements and, insofar as possible, with the requests of the employees.

(f) When a regularly scheduled holiday occurs during the period of an employee's vacation an additional day of vacation shall be granted. This provision shall not apply to those employees who are granted additional vacation to compensate them for loss of holidays.

(g) Vacation leave credit, as provided in this section, may be carried from one year to the next upon recommendation of the Department Head and approval of the Director of

Human Resources. All employees hired after July 10, 1995 may accumulate a maximum of two times the amount of vacation accruable in a twelve month period, computed at the employee's current vacation accrual rate, provided however, any vacation earned but not used, which exceeds this rate, shall be forfeited by the employees.

(h) Accumulation of vacation leave for employees hired after July 10, 1995.

The City Manager is authorized to promulgate a policy for employees hired on or before July 10, 1995 to reduce the City's liability for accumulated vacation, including annual leave accumulated in lieu of scheduled holidays under subsection 21.1(c). Such plan shall include a buy back provision for a portion of vacation and be contingent upon availability of funding. The policy shall condition the buy-back on employee willingness to forgo accumulated vacation and annual leave accumulated in lieu of scheduled holidays above the reduced balance, and agreement to such other conditions as the City Manager's written policy may prescribe.

21.2 Sick Leave

(a) Regular employees who work a 40-hour week shall earn sick leave credit at the rate of 96 hours per year. Fire Department employees on 24-hour shift shall earn sick leave credit at the rate of 144 hours per year. Regular part-time employees shall earn sick leave credit on the basis of actual time worked or in the case of part-time salaried employees on the basis of the percentage of full-time pay provided. Unused sick leave may be accumulated up to a maximum of 1440 hours for 40-hour employees, fractional part thereof determined by hours of work per week for part-time employees, and 2,160 hours for Fire Department employees on 24-hour shift assignment.

Notwithstanding the foregoing, employees who separate from the City's service, eligible to receive payment for unused sick leave under Merit Rule 12.10, shall be limited to a maximum credit of 960 hours accumulated sick leave for 40-hour employees, and 1,440 hours accumulated sick leave for Fire Department employees on 24-hour shift assignment.

(b) Employees absent from work on legal holidays, during sick leave, vacation, for disability arising from injuries sustained in the course of their employment, for all authorized leaves of absence with pay, and for authorized leaves without pay for not over 10 days in any one calendar year, shall continue to accumulate sick leave at the regularly prescribed rate during such absences as though they were on duty, subject to the maximum limitation herein provided.

(c.1) An employee eligible for sick leave with pay shall use such sick leave for absence due to illness, injury, preventive health (such as doctor or dentist appointments), or other medical needs, for the employee or his eligible family member. An eligible family member is the employee's spouse, children or parent. Sick leave shall not be used simultaneously with authorized time off for a duty-connected injury.

(c.2) The Department Head shall have the right to require an employee who has informed him of the employee's non-duty connected injury or disability and who continues to work to obtain a doctor's certificate that the employee is capable of performing the tasks required of the employee without danger to the employee's health or, in the case of a pregnant female, without danger to the employee's health and the fetus' health when the Department Head has reason to believe that the employee's job performance is being affected by the employee's condition. If the employee cannot provide said certificate within a reasonable time, the Department Head can require the employee to take the accrued rights provided by these rules and regulations and, upon the employee's refusal to do so, may seek the dismissal of the employee.

(c.3) Deleted (c.3) by revision of Rule 21.2(c.1) G.O. 6101.

(d) Deleted (d) by revision of Rule 12.7 G.O. 2904.

(e) An employee who is absent due to personal sickness or that of a family member shall inform his immediate supervisor prior to the start of the employee's regular scheduled shift whenever possible. When this is not possible, the employee shall notify his supervisor as soon as possible. Failure to comply with the above guidelines shall be cause for denial of pay for the period of absence. The Department Head shall require a doctor's certificate before approving sick leave with pay of five days or more and may require a certificate in any case.

(f) In the event of sickness of more than two days in the last two calendar weeks of employment with the City, the employee shall provide to the Human Resources Department a physician's statement verifying such illness.

(g) No paid sick leave shall be allowed for an injury incurred while working as an employee for the City, as an independent contractor, as an agent or while engaging in activities for which remuneration may reasonably be expected or intended other than maintenance of the employee's

residence and the normal maintenance of the grounds therewith or the maintenance of personal property not acquired for resale.

(h) Any employee who is laid off, granted leave of absence without pay or terminates employment under creditable circumstances and is later reinstated within one year, shall have available upon his return such unused sick leave allowance as he may have earned up to the time of his absence.

(i) Illness or injury occurring while an employee is on vacation shall not be charged to sick leave but shall remain as vacation.

(j) A regular employee in the Fire or Police Department is entitled to sick leave up to a maximum of two calendar months for contracting hepatitis, mononucleosis or tuberculosis as a result of giving mouth-to-mouth resuscitation in the normal performance of the employee's job, which sick leave shall not be charged against any accumulated sick leave of the employee. The employee shall have the burden of proof by showing beyond a reasonable doubt that the employee contracted the disease as a result of giving mouth-to-mouth resuscitation in the normal performance of his Fire or Police Department duties.

21.2.1 Sick Leave Redemption

(a) Any regular employee having an accrued sick leave balance of over 720 hours, or any Fire Department employee on a 24-hour shift with an accrued sick leave balance of over 1,080 hours, may request the City redeem from the employee an amount of not less than 8 hours, but not more than 54 hours of sick leave per year (maximum of 75 hours for Fire Department employees on a 24-hour shift). Employees starting work on or after July 1, 1998, may request a minimum redemption amount of 8 hours but not to exceed an amount of 16 hours per year (not less than 12 hours nor more than 24 hours for Fire Department employees on 24-hour shifts). Such requests are subject to the other conditions stated in this Rule.

(b) To be eligible to request redemption, the employee must have used no more than 5 days (40 hours) of personal sick leave during the 12 months prior to the request. The request also must not reduce the employee's remaining accrued personal sick leave balance below 720 hours (1,080 hours for 24-hour shift Fire Department employees). Eligible employees may not have more than one redemption request granted in a given fiscal year.

(c) The employee will be paid seventy-five percent (75%) of his hourly pay rate at the time of the redemption request for each of the hours redeemed, and his accrued sick leave balance will be reduced by the number of hours redeemed. The employee's maximum number of unused sick leave hours he may accumulate under the first paragraph of merit Rule 21.2(a) shall also be reduced by the number of sick leave hours the employee has redeemed.

(d) For employees starting work before July 1, 1998, the redemption of hours under this Rule shall not affect their ability to receive payment for unused sick leave upon separation from City service under Merit Rule 12.10, except to the extent that any redeemed hours under this Rule reduce the employee's remaining total number of accrued sick leave hours below the maximum number of hours stated in the second paragraph of Merit Rule 21.2(a), which may be credited in the payment calculation.

(e) This sick leave redemption program shall be conditioned upon the continued availability of funds appropriated for this purpose, and may be suspended or discontinued at any time by the City Manager without prior notice.

(b) Return of Employee from Military Induction Leave

At or prior to the expiration of the military leave of absence, each regular employee shall inform his supervisor of his willingness and ability to return to City employment and produce evidence of his honorable release from military service. The employee's department head shall submit written notification of his return to the Director of Human Resources. Rate of pay upon reemployment shall be established in accordance with Rule 18.1(c). Any employee entitled to military leave pursuant

Member eligibility is defined and determined in each of the respective benefit plan documents.

(b) Enrollment

(1) The City shall enroll each of its eligible employees in the Plan and shall contribute to the Plan as set forth by ordinance or administrative action, which shall be credited to an account established therefor. The City hereby declares that the contribution is the amount necessary to pay for the benefits and all costs of the Plan including administration thereof for such employees, unless otherwise established.

Eligible employees may enroll their eligible dependents as defined in the Plan in accordance with the procedures set forth therein by authorizing a payroll deduction from the employee's check.

Eligible retirees and their eligible dependents as defined in the Plan may enroll in accordance with the procedures set forth therein by making monthly payments to the City in advance of the month for which coverage is offered; such persons shall continue to be enrolled in the Plan in accordance with provisions therein. The amounts charged monthly for all eligible dependents and retirees are hereby declared to be the amounts necessary to pay for the claims and all costs of the Plan including administration thereof for such dependents and retirees, unless otherwise established.

The City Council may change the terms and conditions of the Plan but such change shall not affect prior claims that have been made, nor shall any such changes be effective sooner than thirty (30) days after the City Council action unless specifically provided otherwise in the amending ordinance. Subject to the availability of funds for this purpose, the City Manager may also administratively make changes to the Plan, which have been recommended by the Health Insurance Committee, including but not limited to items set out in this subsection (2) below, contributions, deductibles, copayments, scope of coverage or benefits, or as necessary to bring

the Plan into compliance with changes with state or federal law, without prior Council approval. A current copy of the Plan and all such changes shall be kept on file with the City Clerk, the Director of Finance, and the Director of Human Resources.

c. In the event of any such suspension of authority as described in (2) b. above, no contribution increase previously implemented shall be discontinued because of such suspension. Further, such authority shall automatically reinstate or continue in the event the total fund balance amount as of the month of any subsequent March is less than the total average amount of 6 months of Plan claims, for the said 12-month period ending with such month of March.

(3) In addition to the contribution increase referenced in Section (2), each of the contribution rates contained on the said new Exhibit 2 shall also be annually increased in the amount of two percent (2%) over the rates then in effect, effective with the payment of the contribution for coverage for the month of January, 2008, and subsequently upon the effective date of the payment of the contribution for the month of January for each year thereafter. The City Manager shall have the authority to reduce or suspend the implementation of any annual increase

prescribed in this Section (2) by the preceding November 30 immediately prior to the said next increase, if in his discretion, the annual increase prescribed in this Section (2) for that year is not necessary for the continued financial stability of the Plan. The City Manager shall have no authority to rescind or discontinue any increase under this Section (2) previously implemented.

(4) In addition to any other contribution changes which may be approved by City Council or the City Manager, the automatic increases described in subsections (b)(2) and (b)(3) above being currently applied to the City of Springfield Group Health Plan, shall also, effective with the premiums for coverage January 1, 2010, and thereafter, apply to the premium rates for the City of Springfield Non-Medicare Retiree Health Plan.

(c) Plan Administration

All claims shall be paid in accordance with the Plan. The City Manager is authorized to enter into contracts from time to time for such services as may be necessary to effectuate the purposes of this Plan and to administer this Plan, including but not limited to a contract for the administration of the Plan itself, as long as there have been moneys previously approved and budgeted therefor.

Reasonable suspicion referrals for testing shall be made on the basis of documented objective facts and circumstances consistent with the effects of substance use. Reasonable suspicion observations and reports can only be made by supervisory or management personnel who are trained to detect the signs and symptoms of alcohol and controlled substance use and who may reasonably conclude that an employee may be adversely affected or impaired in the employee's work performance due to the use of alcohol or controlled substances. The observing supervisor or manager, regardless of the direct reporting relationship with the affected employee, is required to complete the appropriate required documentation concurrently with the observation and consideration to impose reasonable suspicion testing.

A supervisor or manager who fails to report an observation and, subsequently, fails to order a confirmed reasonable suspicion will be subject to disciplinary action up to and including termination.

(3) Reasonable suspicion testing shall be required and completed whenever possible within two (2) hours of the observation, but in any case, no later than eight (8) hours after the observation for breath alcohol testing and thirty-two (32) hours for controlled substance testing. An employee who is ordered to submit to a reasonable suspicion drug test should be transported to the testing site by City personnel.

(c) Random Testing

(1) Random testing is applicable only to employees who work in DOT/Safety-sensitive positions or who have requested to work in an out-of-title position that is classified as a DOT/Safety-sensitive position. Random testing shall be unannounced and conducted with unpredictable frequency throughout the year using an established scientifically-based selection method. Testing shall be ordered by appropriate supervisory personnel, with no less frequency than required by federal law and regulations, and in such numbers as is minimally determined under the regulations. An employee who is notified to submit to a

random drug test must report immediately to the collection site. No delay in reporting is acceptable. An employee who is ordered to submit and does not report to the collection site, without delay, must document circumstances causing the delay to be tested. Appropriate action by the supervisor, including the possibility of discipline, shall be required.

(2) The number and percentage of employees tested from the random pool will meet the minimum guidelines established by federal acts and state regulations unless modified by the City Manager. The City will utilize an outside company to conduct the selection method and perform the draws for random testing purposes.

(3) A positive random test result for alcohol or controlled substances will result in termination of employment unless the positive result is due to the employee refusing to test and invoking their one-time option for rehabilitation.

(d) Post Accident Testing

(1) Post accident testing is applicable only to employees who work in a DOT/Safety-sensitive position or who have requested to work in an out-of-title position that is determined to be a DOT/Safety-sensitive position. Post accident testing shall be required for employees assigned to DOT/Safety-sensitive positions after a vehicular accident, regardless of the type of vehicle being operating, in which a fatality has occurred, or when a traffic citation is issued to the City's driver after an accident, or where injury to a person requires transport to a medical treatment facility, or disabling damage to one or more vehicles requires towing from the accident site to occur. Testing shall include both breath alcohol and urine drug testing of the employee(s).

(2) Post accident testing shall be required and completed whenever possible within two (2) hours of the accident occurrence, but in any case, no later than before eight (8) hours after the accident for breath alcohol testing and thirty-two (32) hours for controlled substance testing. Employees submitting to post-accident testing should be transported to the testing facility by City personnel. An employee involved in an accident shall refrain from alcohol consumption for eight (8) hours following the accident. A positive post accident test result for alcohol or controlled substances will result in termination of employment.

(e) Return to Work Testing

Return to work urine drug and alcohol testing for all DOT/Safety-sensitive positions covered by this policy shall be required for all employees who previously refused to submit to an alcohol or a random controlled substance test, which results in the reporting of a positive

drug test result in compliance with federal and state laws. To return to work, the employee must test negative and be evaluated and released to return to work by a SAP before being permitted to return to work. Employees who test negative for alcohol or a controlled substance return to work test will be required to submit to follow-up testing. A positive return to work test result for alcohol or controlled substances will result in termination of employment.

(f) Follow-up Testing

Follow-up testing is required for all employees who have received a positive test result via a failure to test for alcohol or a controlled substance. These employees shall submit to frequent unannounced random urine and breath alcohol tests for a minimum of six (6) tests in the following twelve (12) months after return to work. Random testing may be continued for a period of up to sixty (60) months from the employee's return to work date. The duration of the follow-up testing and frequency of such testing shall be at the discretion of the policy administrator after review of the SAP's evaluation. A positive follow-up test result for alcohol or a controlled substance will result in termination of employment.

(g) Failure to Test

(1) Any employee who fails to submit to the required testing under this policy is considered to have tested positive and shall be subject to all of the consequences related to a positive test.

(2) Any employee ordered to submit to an alcohol or controlled substance test shall report immediately to the test site upon being ordered to submit to testing. Employees may exercise their one-time option for rehabilitation if elected prior to submitting a specimen for an alcohol or random controlled substance test. Employees are not afforded a one-time option for rehabilitation if the employee is ordered to submit to a reasonable suspicion or post-accident alcohol or controlled substance test. Delay in reporting for testing by the employee shall be treated as a refusal to test and shall subject the employee to the consequences related to a positive test. Failure to provide a sufficient sample or to provide an unadulterated sample shall be considered as a refusal to test and shall subject the employee to the consequences related to a positive test.

(3) An employee ordered to submit to an alcohol or controlled substance test must be transported by another City employee or supervisor under the Post Accident or Reasonable Suspicion provisions of this policy.

26.8 Testing Controls

(a) Alcohol: Federal regulations require breath testing to be conducted on Evidential Breath Testing devices approved by the National Highway Safety Administration. An initial screening test is conducted first. Any test result that is less than 0.02 blood alcohol concentration is considered to be a negative test result. If the blood alcohol concentration is 0.02 or greater, a second confirmation test must be conducted. An employee who tests with a blood alcohol concentration of 0.02 or greater shall be removed from any work-related activity for at least twenty-four (24) hours if performing DOT/Safety-sensitive work-related activity. An employee whose alcohol confirmation test result indicates a blood alcohol concentration of 0.04 or greater is considered a positive test result and will be subject to discipline.

Any employee who is found to have engaged in prohibited alcohol conduct under this policy shall be immediately removed from DOT/Safety-sensitive work-related activity; and shall not be permitted to resume work until the employee is (1) evaluated by a SAP, and (2) has tested negative in a follow-up test.

(b) Controlled Substances: Controlled substance testing is conducted by analyzing an employee's urine specimen provided at a laboratory certified and monitored by the U.S. Department of Health & Human Services for the following controlled substances:

Information subject to change per federal guidelines.

The testing for controlled substances is a two-stage process. First a screening test is conducted which screens for the five (5) broad classes of controlled substances (Marijuana, Cocaine, Phencyclidine, Amphetamines, Opiate). If the test result is positive for one or more of the controlled substances, a confirmation test is conducted to identify the specific metabolite and concentration level present within the broad class of controlled substances (see chart above). The confirmation test is a gas chromatography/mass spectrometry (GC/MS) analysis. The levels established for a positive test result for controlled substances are determined by the federal Department of Transportation. The testing levels vary with each controlled substance and differ from the confirmation test levels. The instrument (GC/MS) and the complexity of the controlled substance being tested during the confirmation test are more precise as compared to the initial screening test. Any employee or applicant who tests positive on the confirmation test shall be contacted by the Medical Review Officer (MRO). The employee shall be immediately removed from any DOT/Safety-sensitive work-related activity once the City has been notified of a positive test result. The applicant will be contacted by the City and the conditional offer of employment will be withdrawn once notified by the MRO.

Any employee in a DOT/Safety-sensitive position who invokes their one-time option for rehabilitation prior to submitting a specimen for a random drug test will be removed from

performing DOT/Safety-sensitive functions immediately. The employee shall not be permitted to resume work until the employee is (1) evaluated by a SAP, and (2) has tested negative in a follow-up test. Employees so removed may be allowed to use any form of their accrued leave balances while removed from work.

Any employee or applicant who questions the results of a required urine drug test under this policy may request that an additional test be conducted. The test must be conducted on a split sample that was collected at the same time as the original sample. The test analysis shall be conducted at a different qualified laboratory than where the original test was conducted. All costs for testing that is requested by the employee shall be paid by the employee. An employee's request for a re-test must be made in writing to the Medical Review Officer (MRO) within seventy-two (72) hours of the notice to the employee of the initial test result. Requests made by the employee after the seventy-two (72) hour limit will only be accepted if the delay was due to documented circumstances that were beyond the control of the employee. The method of collecting, storing, and testing the split sample required under this policy shall be consistent with the procedures established in 49 CFR Part 40.

Employees will not be disciplined for seeking assistance, if assistance is sought voluntarily. The following items must be completed for a rehabilitation process to be successful and complete:

The Human Resources Department of the City is authorized to take whatever steps it deems necessary to administer the Act.

27.2 Determination of the Twelve-Month Period

It is hereby determined that for the purposes of computing the twelve-month period in which the twelve weeks of leave entitlement occurs, the City shall use the twelve-month period measured forward from the date any employee's first such leave begins.

27.3 Substitution of Paid Leave

Notwithstanding any other provision of the Springfield City Code to the contrary, the Director of Human Resources may require an eligible employee to substitute any of the accrued paid vacation leave, personal leave, family leave, holiday leave, or sick leave, that the employee is otherwise entitled to under the ordinances of the City for leave provided under subparagraph (A), (B) or (C) of subsection (a) (1) of 29 USC Section 2612.

27.4 Leave Taken Intermittently or on a Reduced Leave Schedule

Notwithstanding any other provision of the Springfield City Code to the contrary, if an eligible employee requests intermittent leave or leave on a reduced leave scheduled under subparagraph (C) or (D) of subsection (a) (1) of 29 USC Section 2612 that is foreseeable based on planned medical treatment, the Director of Human Resources may require such employee to transfer temporarily to an available alternative position offered by the City for which the employee is qualified, provided there is equivalent pay and benefits and the position better accommodates the recurring periods of leave than the regular employment position of the employee.

27.5 Accrual of Benefits

Notwithstanding any other provision of the Springfield City Code to the contrary, any eligible employee who takes family leave in accordance with the provisions of the Act without pay shall not be entitled to the accrual of any seniority or employment benefits during any period of leave or any right, benefit or position of employment other than any right, benefit, or position to which the employee would have been entitled if the employee had not taken the leave.

Nothing contained in this Rule shall limit the City Manager's authority pursuant to Merit Rule 21.6, to approve Special Leave in addition to the Family and Medical leave otherwise provided herein.

RULE 28 - EMPLOYEE ASSISTANCE PROGRAM

28.1 Administration of the Employee Assistance Program

The Employee Assistance Program (EAP) will be administered by the Employee Relations Officer designated by the Director of Human Resources. The Director and EAP administrator shall develop necessary procedures to maintain confidentiality of records and to ensure that the functions of the Employee Assistance Program are properly carried out.

28.2 Functions of the Employee Assistance Program

The internal EAP, the Employee Relations Officer, functions primarily as an intake and referral service for employees, spouses, and dependent children who seek help about issues including, but not limited to: family, marital, or relationship problems, emotional difficulties, stress and anxiety, alcoholism, and substance abuse. The program is available for employees who voluntarily seek assistance or who have been directed by the appointing authority to seek assistance through the program.

The EAP administrator will compile and maintain all information and records necessary to the task of referring employees to counseling and help programs, substance abuse treatment services, and facilities in the community. The administrator will monitor the progress of employees seeking treatment through the EAP to the extent necessary to document and verify proper administration of employee health care or other applicable benefit plans, including use of leave time.

The City maintains flexibility in providing employee satisfaction selecting an external EAP provider and performance by the outside vendor shall be the main criteria in the selection process.

28.3 Employee Use of Leave Time While Seeking and Receiving Treatment Through the EAP

Employees who are receiving treatment for substance abuse problems through the EAP are entitled to use all forms of accumulated leave time available to them, including sick leave, vacation time, and compensatory time. Should an employee who is receiving treatment through the EAP prefer to take a leave of absence without pay rather than utilize accumulated leave time, or should an employee exhaust all available leave time prior to receiving medical clearance to return to his/her work duties, the employee must request a leave of absence without pay in accordance with the Merit Rules and Regulations. Such a request will be considered in light of all the circumstances of the case, including but not limited to, the manpower needs of the affected City department, the medical needs of the employee, and the degree of good faith effort displayed by the employee in dealing with his/her problem. Nothing herein shall be construed to require that a leave of absence without pay must be granted in such cases, subject to other legal rights of the employee and provisions of the Merit Rules.

28.4 EAP Records Confidentiality

All information regarding voluntary and mandatory referrals to the Employee Assistance Program shall be confidential. Records of the EAP shall not be placed in an employee's general personnel file, but shall be kept in a separate confidential file that will be securely kept by the administrator of the EAP under the supervision of the Director of Human Resources. The administrator is authorized to release the contents of the confidential folder only on a strict need-to-know basis to management-level members of the staff of the City Manager, the Human Resources Department, the Law Department, and the employee's department; to the City Council upon request of the Council; and to the employee upon written request. Disclosure without employee consent is also authorized if: (a) production of the information is compelled by law or by judicial or administrative process; (b) the information has been placed at issue in a formal dispute between the City and the employee; (c) the information is to be used in administering an employee benefit plan; (d) the information is needed by medical personnel for the diagnosis or treatment of the employee and he is unable to authorize disclosure.

28.5 Mandatory Referral to the Employee Assistance Program

As an alternative to, or in conjunction with, formal disciplinary proceedings which may be brought against an employee for a violation of policy, an employee may be ordered to seek assistance through the Employee Assistance Program for resolving his issues. The appointing authority is authorized, in appropriate cases, to suspend the imposition of formal discipline (dismissal, demotion, reduction in compensation, suspension without pay) for a period not to exceed one year, pending the successful completion of assessment, counseling, and rehabilitation by the employee. Written notice of mandatory referral to the Employee Assistance Program shall be given to the employee.

In the event the employee does not complete assessment, counseling, or rehabilitation, the appointing authority may, within the one-year period following the date of written notice of mandatory referral to the EAP, impose such formal discipline as is authorized under this Policy and the Merit System Rules and Regulations of the offense involved. No formal discipline may be imposed for the underlying offense more than one year after notice of mandatory referral to the EAP.

If mandated to the EAP, the employee will be required to meet with the Employee Relations Officer to sign a release of information form to be submitted to the appropriate counselor, professional, or facility that authorizes the professional to communicate to the Employee Relations Officer about the employee's compliance with the mandated referral. Failure of the employee to meet with the Employee Relations Officer and sign the necessary release information form will be regarded as non-compliance with the mandatory referral. The employee's supervisor will be notified of the employee's refusal to cooperate. The disciplinary process as outlined in the Merit System Rules and Regulations will be followed.

28.6 Appeal Rights

An employee who receives formal discipline (dismissal, suspension without pay, demotion, reduction in compensation) for violation of the provisions of this Rule 28 is entitled to the appeal rights granted in the Merit System Rules and Regulations.
